

SPORTZBUZZ

COVID-19 PROCEDURES FOR PARENTS

In order to minimize the social spread of COVID-19 when Sportzbuzz classes resume, and to ensure the health and safety of coaches, parents and children, we ask you please to be responsible and adhere to our plan, in return we will do our absolute best to maintain healthy, safe protocols so you can feel safe and comfortable about your child returning to our classes.

- If you or your child are feeling unwell or are displaying any symptoms of COVID-19 please do not come to your Sportzbuzz class – we will arrange make-up sessions when you are feeling better.
- If you or your child have been in close contact with someone who has tested positive for COVID-19 please do not come to your Sportzbuzz class for a minimum of 14 days. We will arrange make-up sessions when it is safe for you and your child to return.
- Please ensure you and your child sanitize/wash hands immediately prior to commencing the Sportzbuzz class.
- Coaches are required to sanitize/wash their hands before, after and between their classes.
- Coaches will be required to spray all equipment after each class so equipment will be freshly sanitized for every class. Child friendly equipment sanitizer will be utilized.
- Once equipment has been used children will place it in a hoop for coaches to spray with equipment sanitizer before it is used by any other children or packed back into the bag ready for the next class.
- Lesson plans have been modified, to minimize children handling each other's equipment and will include more individual turn taking activities to facilitate this.
- Coaches will use floor markers to indicate where each child should stand so they are correctly socially distanced from each other.
- The Sportzbuzz song will be sung with children standing on their markers. No high-fives or touching will be encouraged.
- Stickers and colouring pages may be given to each child with your consent.
- Parents will need to observe social distancing measures before, during and after the class and are requested to all leave the venue promptly as soon as the class is finished.
- All lessons that were paid for by parents and cancelled due to COVID-19 can be made up at any time during 2020 subject to availability. Please note unfortunately these cannot be used as a credit towards your fees.
